

SPECIAL BILLS FOR \$1,036,024 GET APPROVAL

House Appropriations Committee Votes To Adopt Report of Subcommittee in Full.

DRAMATIC FIGHT PRECEDES ACTION

Representative Hatcher Delivers Smashing Plea for Elimination of Support for "Pet" Measures.

Special appropriation bills calling for \$1,036,024.95, in addition to all other appropriations—including the general appropriations bill—already passed by the house, were approved Friday afternoon by the house committee on appropriations at its final meeting for this session.

All other bills calling for appropriations submitted to this committee were reported unfavorably. This action was taken following submission of the report of the special subcommittee which had been created to sift the mass of special appropriation bills and make recommendations to the main committee.

After a dramatic fight on the floor of the committee room led by several members who did not wish to vote an adverse report on special measures in which they were interested, the report of the subcommittee was finally agreed to in its entirety, the final vote being 20 to 12.

Urges Solid Support.

Representative Frank Hooper, of Fulton and Cliff Hatcher, of Burke, urged solid support of the subcommittee's report. They declared that they had agreed to sacrifice appropriations in which they were vitally interested because they recognized the desperate financial condition of the state and realized that their first duty as legislators is to the state rather than to their constituents in their home counties.

Representative Hooper told how he had worked for six months to secure passage of an appropriation bill to repay the citizens who had put up the money to defray expenses of the Georgia exhibit at the southern exhibition, yet had agreed to sacrifice this bill in order to help solve the desperate problem before the assembly.

Representative Hatcher, who was a member of the subcommittee, rose and said in a speech that he loved his alma mater, the University of Georgia.

Would Aid Georgia.

"I would do anything to help old Georgia," he said, with a quiver in his voice. "Georgia has not had a penny of building appropriation for 25 years and more. And yet, when I realized what this subcommittee had to do, my first act as a member was to take the bills calling for building appropriations for my own university and write across them myself, 'Do not pass.'"

"But now I tell you," continued the Burke representative, pounding the table with his clenched fist, "if any man wants to break down the work of this subcommittee by asking an appropriation for his own pet institution, when we haven't the money to pay it, I tell you I'll bring those university bills on the floor of this house by hook or by crook and I'll fight them. I'll block everything else to get them passed until the final minute of the final hour of the last day of the session."

Representative Beck, of Carroll, opposed the subcommittee report because it adversely affected a bill to provide a

TOURISTS' CAMPS URGED FOR CITY

Councilman Charles Chosewood Will Ask Action by City Council at Next Meeting.

Location of at least three, and possibly four, municipal tourists' camps along national highways on the outskirts of Atlanta will be requested Monday in a city council by Councilman Charles L. Chosewood.

The camps, under Mr. Chosewood's plan, would be operated by the city, and would be open to all tourists free of charge. They would be equipped with running water, shower baths and other essentials of the transients' comfort.

"Atlanta certainly needs such camps," Mr. Chosewood said. "There now is a camp near Lakewood at which a small fee is charged tourists. Even then the camp is unable to accommodate the large number of tourists seeking a suitable place to spend the night and many of them are forced to sleep in their cars along the roadside.

"Establishment of municipal camps along national highways not only should provide fine accommodations for tourists but will be a fine advertisement for the city.

ATLANTA OFFICE OF BIG CONCERN THIRD IN NATION

Strong Prospects That Atlanta Branch Will Lead Nation This Year, Declares Mullowney.

LOCAL BRANCH LED ALL THOSE IN SOUTH

Increase in Palm Olive Business Seen in Last Half of Year Over That in First Half.

Prediction that the southern territory of the Palm Olive company which has district headquarters in Atlanta, would lead all other sections of the United States in its increase in business for July this year, was made Friday to The Constitution by D. I. Mullowney, district manager, who said all conditions here indicate further big increases this fall.

"For the first eight months of this year the Atlanta district of the Palm Olive company is third in the list of 28 branches located in all parts of the United States," Mr. Mullowney declared. "The Chicago branch was first, the Los Angeles branch second, and Atlanta came third. The Atlanta branch led all branches in the south, its nearest rival being Charlotte, N. C. Atlanta showed a seven-point record greater than Charlotte."

Mr. Mullowney said increases are coming with such regularity in the southern territory that he is certain this territory will lead the whole country for his company by December 31 this year.

"The Palm Olive company business does not suffer in a period of bad conditions like some other kinds of business. But we always feel quickly the increases and these increases, particularly in Georgia business, are coming with such rapidity that we are justified in holding the opinion that general business in this section is becoming quite active."

SHENANDOAH MAKES ITS FIRST FLIGHT AS BIRD OF WAR

Naval Air Station, Lakehurst, N. J., August 14.—No longer a bird of peace, the Shenandoah, bristling with machine guns, took the air Friday night in its first flight as an armed unit of the naval service.

The Shenandoah headed towards Newport, R. I., from where, attached to the mooring mast of the tender Patoka, it will be towed to sea for a test, the first of its kind in history.

The towing test will be an attempt to demonstrate that the dirigible, operating under battle conditions, can conserve fuel in this manner and use a floating base.

The ten machine guns, mounted on the dirigible last week, will not be tried out but will be tested later.

BLONDE DEFEATS HER BRUNETTE ADVERSARY

In Romance of Cinderella

New York, August 14.—It begins to look as if the Mary Spas-Edward Browning story had about played out. One or two little aftermaths remain, however, and there was one Friday when a large blonde woman and a large brunette woman had it out on the stairs outside the Spas apartment in Astoria, from which Browning took 21-year-old Mary Spas away to adopt her as a child of 16. The large brunette lady, a Mrs. Rogolsky, who has interested herself previously to the extent of beating up a reporter for Browning, and a cop for Mary Spas, this time went tumbling down the stairs. Apparently she has been trying to see little Mary.

Saturday Daddy Browning will be the eighteen dresses bought for Mary Spas at \$50 apiece

55-Mile Wind Crashes Plate Glass Windows, Street Lights and Rips Away Small Obstacles.

CROWDS IN STREET SCURRY TO SAFETY

Woman and Small Child Have Narrow Escapes as Capitol Skylight Is Blown Into Bits.

Sweeping over the city like a monster tidal wave, pushing before it a wall of leaves and dust more than 60 feet high, a 55-mile wind hit Atlanta about 2 o'clock Friday afternoon, endangering lives and exacting considerable property toll. The squall was followed by a light shower.

A. H. Parnell, of 18 South Evelyn street, lineman for the Southern Bell Telephone company, was the only casualty reported Friday from the squall. Perched atop a telephone pole repairing several wires when the storm broke, he was caught under the pole as it crashed to the ground.

Mr. Parnell escaped with a broken leg and minor bruises. He was rushed to the Atlanta hospital in the private ambulance of Awtry & Lowndes, where the broken leg was set.

The lives of a woman and child were endangered when a large skylight over the main stairway at the Georgia state capitol crashed in. The crash occurred just as senators and representatives were reassembling for afternoon sessions.

The area under the skylights was roped off and the use of both main stairways discontinued during the course of the storm. Traffic for the time was confined to one small elevator, which was shielded by the second floor balcony.

Crowds Go Scouring.

Thousands of Atlantans, scurrying to cover, watched the approaching storm, heralded by its towering wall of dust and leaves that has been accumulating during the course of the third record heat wave of several days past.

Perhaps the heaviest losses were sustained by the telephone company, reports showing more than 25 poles down and broken and tangled wires in every section of the city. No estimate of the loss could be obtained Friday.

Service on the College Park and Whitehall street lines was halted for some time when a tree crashed across the trolley wire at the corner of Park and Lee streets. A falling pole at Log Cabin stop, on Marietta road, tore away several wires but service was not held up on the Marietta line, officials of the Georgia Railway and Power company stated.

Tops were ripped from a large number of automobiles along the streets of Atlanta, while street lights along the highway and huge plate glass windows in various sections of the city were crumpled by the wind.

There were numerous interesting high points in the general confusion that reigned over the city.

Sign Crashes to Street.

When the 4-foot "O" in the huge sign over the Robert Fulton hotel left its moorings and crashed to the pavement a crowd that was gathered near the spot scattered and fled to safety.

The splintering of the large plate glass window in Dahl's Flower Shop, on Broad street, and the demolishing of the rustic scene behind it created confusion among several ducks that populated the artificial pond in the window. Several persons were dispatched to the rescue.

The mercury, which had climbed to 93 degrees on the eve of the storm, took a precipitous drop to 77 degrees—the low point where it started early Monday morning. The drop is heralded by officials at the local United States weather bureau as the break in the heat wave.

The thermometer will not go over 86

State Highway Engineer Says All Authority Vested in Him Comes From Commission.

HOLDER ASSAILS POWER OF NEEL

Asks That Engineer's Power Be Reduced; Neel Says Department Heads Should Control Men.

"The state highway board hires me and it can fire me, for any cause or for no cause. Whatever authority I possess is vested in me by the highway board, and, as it gave it, it can remove it. I have no wish for authority, and I think the highway board and the chairman should be absolutely supreme in the department."

This was the statement of W. R. Neel, state highway engineer, Friday night at the concluding hearing of the senate highway investigating committee.

Mr. Neel's statement was made in reply to the recommendation Friday by Chairman John N. Holder in his concluding testimony before the committee. The chairman urged that the highway engineer be stripped of his authority and supreme authority be vested in the board.

Authority Is in Control.

The engineer said that a careful analysis of the law under which he holds his position will reveal the truth of his statement—that his authority is granted by the board, which can remove it or fire him at will. Mr. Neel said his reason for believing the board should be in absolute control of the department was that he is confident that no board would be so pointed, or chairman elected, who could not delegate sufficient authority clear on down the line in order to get work done efficiently. He said he thought every department head should have authority to hire and fire the men under him and to regulate their discipline under rules approved by the board.

Mr. Neel was recalled to answer some questions that had been suggested to the committee by W. T. Wenkle, a former employee of the department. They covered ground that had previously been covered in testimony before the committee and produced no new evidence in the way of irregularities.

At the conclusion of the night's session, the committee adjourned its hearings sine die.

Questions Loyalty.

"Boring from within" was ascribed by Chairman Holder as the main ailment of his department Friday in concluding his testimony before the senate highway investigating committee.

Mr. Holder said that there were malcontents in the department who were inimical to him as head of the highway system and these he favored weeding out as rapidly as possible. He deplored his lack of authority to do this, saying the hiring and firing of highway employees is strictly in the hands of Engineer Neel, whose loyalty to him (Holder) he questions.

Mr. Holder's testimony was given at the afternoon session.

The chairman also advocated that

Neglected Wife Leads Detectives to Love Nest in Chicago Exclusive Hotel.

Chicago, August 14.—Thomas Fisher Lawrence, wealthy St. Louis business man, and Mrs. Julia Gruner, society woman of the same city, trapped early today in a room of the fashionable Lake Shore Drive hotel by Mrs. Lawrence and a squad of detectives, spent a rather uncomfortable day here.

To begin with, they had to dress and go to a police station after detectives, who had loafed in the Lincoln park shrubbery waiting for them to come in, had smashed in their door.

Then Lawrence, who obtained bond, ran afoul of Dr. Herman N. Bundesen, city health commissioner. As a result, when the couple appeared in morning coat, Lawrence being charged with a statutory offense and disorderly conduct, Dr. Bundesen appeared too, announced he was for the "single standard of morals," and said if it was the intention of the authorities to subject Mrs. Gruner to a physical examination, Lawrence must undergo a similar test or spend 30 days under quarantine. So both submitted to blood tests.

Then their attorney obtained a continuance of the case until August 26 and they faced a barrage of cameramen as they tried to leave the court.

\$8,400,000 BOND ISSUE ADVOCATED FOR CITY SCHOOLS

Segregation of Boy and Girl Students in High Schools Into Two Separate Units Urged.

SEEK TO CUT COSTS OF NIGHT SCHOOLS

Present Revenue of Department Sufficient for Operation, Declares Committee of Commission.

Abolition of Commercial High school and segregation of all boy and girl students of Atlanta high schools into two separate units; a seven-year building program calling for expenditure of approximately \$8,400,000, which would replace all portable and antiquated school buildings; raising of funds for operation of schools by using part of the ad valorem tax instead of 26 per cent of the city's entire revenue, as at present, and cutting the cost of operating Atlanta's night schools are high lights in recommendations to be made by the finance committee of the special school commission, according to reports adopted Friday.

At the same time, the committee went on record as stating that the school department's present revenues are sufficient for operation of the system, and that no increase is needed unless the department is forced to pay sinking funds and interest on the eight-million dollar bond issue.

Costs Compare Favorably.

Cost of operating Atlanta's schools compares favorably with that of other southern cities, the report states.

The report will be presented to the entire committee next week, and if adopted, will be recommended to the board of education. The commission, composed of private citizens, was appointed some time ago by John T. Hancock, president of the board of education, to make a survey of the entire school situation in Atlanta.

One of the most startling recommendations of the committee, of which J. R. Bachman is chairman, is that to consolidate Boys' and Tech High schools, with the boys attending Commercial High school, in one unit, and girl students in another. That, it is thought, would reduce operating costs materially, and would provide an additional building for use of elementary or junior high school classes.

\$8,400,000 Bonds Asked.

The building program, which would extend over a seven-year period, calls for issuance of \$8,400,000 worth of bonds. In addition to replacing portable and old school buildings with those of modern types, it would provide housing facilities for the normal anticipated increase in school population during that period. Thirty per

Large Black Bear Killed on Highway Near Jacksonville

Jacksonville, Fla., August 14.—(AP) A large wild female black bear, the mother of two cubs, was killed near the Jacksonville Beach highway right-of-way, six miles east of this city, today by George Wilson, of Hogan, according to reports here.

The two cubs escaped to the "Tiger Hole" section, but a search is now underway for them. They will be given to the Jacksonville zoo if found.

All Superstitions Are Defied At Wedding of Three Couples

SIXTET BRVES EVERY KNOWN POPULAR JINX

Chicago, August 14.—(AP) Three couples today defied all manner of superstition when at 13 minutes after the hour, the 13th minute of the 13th hour of Friday, they were married in the death cell No. 13 on the old British convict ship Success, docked in the Chicago river here.

Thirteen guests carrying 13 black cats witnessed the ceremony, which was concluded amid the shattering of 13 mirrors.

Each bride carried a coal-black kitten. The jinx-defying sextette was selected from eight non-superstitious couples who applied after advertisements for brides and grooms appeared in newspapers.

One happy couple received \$100 in 13 coins and a diamond ring with 13 diamonds; another \$50 in \$2 bills and

Indianapolis Heiress Insists She Will Wed Prussian Count

BERLIN HEARS, HOWEVER, MATCH IS ABANDONED

Count Von Schmettow Sr., the prospective groom's father, is believed to have objected to his son's marriage to Miss Fletcher.

Southampton, England, August 14. (AP) Louisa Fletcher, one-time New England farmette, and New York student of art, insists that she is going to be a countess—Countess von Schmettow, of Pommerzig, Prussia, to be exact—despite rumors in Berlin that plans for the Fletcher-Von Schmettow nuptials, scheduled for Thursday, had not been postponed, but permanently abandoned.

"It is absurd to say that our marriage has been broken off," Louisa, daughter of Stoughton A. Fletcher, Indianapolis banker, said today aboard the Berengaria, which is to bear her to New York. "The count is following me to America, where we will be married later."

"The marriage simply has been delayed. I didn't expect to marry when I left the United States. I didn't have a birth certificate when I came. Later, I learned that a certificate was needed, so I called for it. My brother brought it, but when he arrived, I learned that I had still to wait three weeks before the count and I could be married, according to German law. This was beyond the date set for the marriage and my brother was unable to wait any longer. Therefore, I am returning to the United States, the marriage will follow me and we will be married in America, but not in Indianapolis."

Louisa looked sad and downhearted.

despite the simple explanation of the circumstances that changed her plans to become a countess this week.

Stoughton Fletcher, Jr., her brother, and Mrs. Jean Justice, who described herself as Louisa's chaperon in Germany, accompanied the girl aboard the Berengaria. The big ship will sail Saturday.

Count Von Schmettow Sr., the prospective groom's father, is believed to have objected to his son's marriage to Miss Fletcher. Investigation in Berlin disclosed that the senior Von Schmettow lengthily consulted with Miss Fletcher in Berlin following the announcement earlier in the week that the wedding had been postponed because of a technicality having to do with the prospective bride's birth certificate. "yes and congratulations" to the young couple became known some weeks ago when Miss Fletcher's father announced he had called his daughter "young man was in Sweden. The Von Schmettows are wealthy, possessing valuable estates in Pommerzig. Got Father's Congratulations.

News of the engagement of the young couple became known some weeks ago when Miss Fletcher's father announced he had called his daughter "young man was in Sweden. The Von Schmettows are wealthy, possessing valuable estates in Pommerzig. Got Father's Congratulations.

In 1920, Miss Fletcher caused considerable stir in New England by disappearing from her father's estate at Gloucester, Mass. She subsequently was discovered working as a farm hand in America, but not in Indianapolis.

Louisa looked sad and downhearted.

Andrews Speeds Dry Conferences

Division Chiefs and State Directors Summoned to Washington From All Parts of United States.

Washington, August 14.—(AP) With only two weeks remaining before the whole prohibition reorganization plan is to come into effect, Assistant Secretary Andrews today began speeding up his conferences with state directors and division chiefs, who have been summoned here from all parts of the country.

A half dozen or more dry officials conferred with Mr. Andrews today, and he has an engagement to see about a score of them tomorrow. He hopes to conclude the conferences Monday and to announce the appointments of the new administrators late in the week.

The assistant secretary has not desired to complete selection of the new officials before conferring personally with the present officers, so as to determine just how and where they could fit into the new machinery. At the same time the conferences have afforded him opportunity to give them his own views as to effective means of enforcing the law.

Very unsatisfactory reports as to enforcement in many places have come to the prohibition field marshal, and one of the first jobs of the 24 new administrators, who are to have charge in this country and in Porto Rico and Hawaii, will be to conduct a cleaning-up campaign.

Once the weak links in the enforcement chain have been removed, officials will be able to concentrate on drives against bootleggers and those who are obtaining alcohol and other spirits illegally through forged permits and the diverting of industrial and medicinal spirits to the illicit trade.

Jury List Drawn For Trial Monday Of C. G. Rawlings

Wrightsville, Ga., August 14.—A jury list has been drawn for the trial of C. G. Rawlings, charged with the murder of A. G. Tarbutton, which is scheduled to open here on Monday.

J. J. Tanner, an overseer for Rawlings and Tarbutton, has been convicted and given a life term. Tanner is still in jail here awaiting the result of an appeal to the supreme court.

Los Angeles, August 14.—(AP) Superior Judge Victor McLucas today sentenced C. Z. He denied their motion for probation and a new trial. The defense gave notice of appeal.

'DUTCH' ANDERSON SHOT HIM AND WIFE DYING MAN SAYS

Chapman and Anderson Lived at Slain Man's Home Last Winter Before Former's Arrest.

GAVE INFORMATION LEADING TO ARREST

Wife Was Killed Instantly, While Husband Died After Reaching Hospital Where He Was Rushed.

Muncie, Ind., August 14.—(AP) Charles "One Arm" Wolfe, one of the companions of George "Dutch" Anderson, who late today shot and killed Ben Hance and his wife because they informed police last January of the whereabouts of Gerald Chapman, notorious mail robber, was captured by police late tonight.

Wolfe was arrested at the home of his mother-in-law Mrs. Myrtle Strahan, in the downtown section of the city.

When arrested, a coupe was found in front of the Strahan home. This is the car which Anderson and Wolfe are supposed to have been driving at the time of the murder.

Taken to police headquarters, Wolfe refused to answer any questions put to him by the detectives. He is being held without bail.

Muncie, Ind., August 14.—(AP) Gerald Chapman's pal tonight wreaked vengeance on the informer who caused the arrest last January of the notorious mail robber.

Ben Hance, the informer, and his wife were shot to death by George "Dutch" Anderson, who was convicted with Chapman of a \$1,000,000 New York mail robbery, shared his prison sentence and subsequent escape from Atlanta.

Wolfe Chapman and Anderson were in hiding at Hance's home last winter from Atlanta penitentiary officials and New York detectives. Hance informed police authorities and Chapman was surrounded on the streets of Muncie and captured.

Anderson, however, was not trapped and had kept himself safely hidden until tonight.

The bodies of Hance and his wife, the former still alive but dying, were discovered a few minutes after the shooting by passing motorists, but no trace of Anderson was found.

The shooting occurred after Mr. and Mrs. Hance met Anderson, who, local officers say, was accompanied by at least two other men, on the Middletown pike, a main highway a few miles west of Muncie, shortly before 5 o'clock this afternoon—presumably by appointment. The firing started at the conclusion of the parley, police believe.

Early this afternoon Hance and his wife started to this city to visit Mrs. Hance's father. It is believed that the Anderson gang picked up the trail

39-STORY BUILDING PLANNED IN CHICAGO

Chicago, August 14.—(AP)—A thirty-nine story structure, costing \$40,000,000, including a convention hall, a hotel of 4,000 rooms and an office building to be called the Acropolis is planned for Chicago.

It will cover the city block bounded by Michigan avenue, Roosevelt road, Eleventh street and Wabash avenue.

The hotel probably will be the most uniquely situated in the world, perched at the top of the 21 story of fire building and extending up to the 39th story.

House Postpones Action On General Tax Measure; First Night Session Held

Railroad Grade Crossing Stop Bill Is Amended and Sent Back to Senate for Concurrence.

Holding its first night session of the 1925 term, the house of representatives Friday night disposed of several important measures. Only seven days now remain for work before the hour of adjournment sine die arrives next Saturday.

Postponement of consideration of the general tax act was voted Friday afternoon by the house of representatives when that body adopted a resolution by Representative Bussey of Crisp, to recommend the measure to the ways and means committee with instructions to report back to the house not later than Monday afternoon.

Urges Postponement.
This action was taken soon after the house opened Friday afternoon. Representative Barrett, of Stephens, chairman of the appropriations committee, delivered a fervent appeal that the bill be put over for final consideration until Monday, pointing out that the revenue it was intended to raise had been largely reduced by amendments to the measure, and declaring that it was through the general tax act only that the large deficit staring the state in the face for the next two years could be met.

Mr. Barrett called attention to the fact that provisions of the general appropriations bill, as passed by the house and amended in the senate committee, will create an annual deficit of approximately \$1,000,000 each for the years 1925, 1926 and 1927. He estimated that special appropriations would add another annual deficit of \$1,000,000 and emphasized the serious demand for intelligent, concerted action by the house to meet this emergency.

Crossing Bill Changed.
The outstanding act by the house Friday night came when it agreed to a senate amendment to the railroad crossing stop bill. The amendment from the senate, however, was itself amended before it was concurred in and it will now be necessary for the measure to go back to the upper house again.

Representative Lindsay, of DeKalb, introduced the house amendment.

which provided that no warrants should be issued for arrest of violators of the measure. Mr. Lindsay insisted that this amendment was necessary, referring to the bill as a "hybrid outrage," and asserting that the senate amendment, without its change, would give the railroads every legal advantage in the case of a damage suit.

An increase in the appropriation for the high school state fund under provisions of the Barrett-Rogers act, from \$200,000 to \$225,000 for this year and \$300,000 thereafter, was passed without a dissenting vote. A measure by Representative Griffin, of DeKalb, to prohibit the designation "drug store" by stores not employing licensed pharmacists was tabled when considerable opposition developed. A house bill increasing the state aid road mileage from 5,000 to 6,000 miles, and amended in the senate to make it 6,300 miles, was ordered returned to the upper body for amendment.

Banking Amendments.
Stark, of Whitfield, was author of the proposal to postpone consideration of the tax act until Monday, but he withdrew his motion in favor of the resolution of Bussey to recommend the measure to the ways and means committee.

Later during the afternoon the house took up the bill proposing a tax on persons engaged in banking. Considerable discussion centered about the proposal to increase the salary of the superintendent of banking from \$6,000 to \$7,500 per year, and a graduated tax on assessments on banks.

This item was under consideration when the house adjourned at 9 o'clock Monday afternoon. The first night session of the 1925 legislature scheduled at 7 o'clock Friday night.

Morning Session.
Called up as a special order of business by Harrell of Jefferson, Friday morning, the house immediately launched into debate on the general tax act.

No opposition was voiced to clauses providing a license tax of one-tenth of one per cent on contracts for buildings, bridges, highways, railroads, and a graduated tax on assessments on banks. A substitute measure for the Thompson bill reorganizing the highway department was prepared Friday night by a sub-committee of the senate highway committee, and will be favorably reported today. The substitute gives the highway board complete authority over the department, and is said to be an outgrowth of the investigation now being conducted by a senate committee.

In the substitute highway bill the board would be given authority to "hire and fire" the highway engineer and would place his salary at not more than \$8,000 a year. Traveling expenses of the highway engineer would be confined to his actual necessary traveling expense incurred in the performance of duty while traveling outside of Fulton county in Georgia, and a provision was made for written direction being given by the board before the trip.

Mr. Tobin was supervisor of the first cotton exposition in Augusta and was its first president. He entered the cotton business in 1893 as a clerk for Plimley & Co. and later became a partner in the firm. He was president of the Georgia exposition in 1905, and was a member of the board of education; was first president of the Union Warehouse in 1908; was a member of the Georgia Railroad bank and chairman of the finance committee; was director of the Georgia Manufacturing company; director of the Augusta factory, and at one time was director of the Enterprise Manufacturing company.

He was a member of St. Patrick's Catholic church and was one of the few survivors of the dedication of that church.

The funeral will be held from St. Patrick's church Sunday afternoon.

Besides his widow, he is survived by three sons, A. D. Tobin, John Tobin and James Tobin, all of Augusta, and three daughters, Mrs. C. W. Beebe, Mrs. H. C. Chafee and Mrs. Maxwell Hill, all of Augusta.

McWHORTER QUILTS HIGHWAY ENGINEER PLACE AT SAVANNAH

B. P. McWhorter, division highway engineer at Savannah, has resigned to accept a position with a private engineering firm in Florida. It was announced at the state highway department offices Friday.

It is considered that the resignation of Mr. McWhorter will be a loss to the highway department.

Mr. McWhorter will be elected at a within the next three weeks. Both within the next three weeks, Mr. McWhorter and Mr. Friedman have been elected to the highway department.

Governor Walker will be instructed to call Attorney General Napier to take whatever steps are necessary to stop outrages on highways of the state by officers of the law seeking to capture cars carrying whisky, under terms of a resolution which will be introduced in both houses of the general assembly this morning.

The resolution further provides that the state highway department be instructed to prosecute the main highway through Bartow county, in order to avoid passing through a section which, authors of the resolution state, has been the scene of a number of outrages.

On Friday Representative Bussey, of Crisp, introduced a bill in the house which, if passed, would interfere with citizens riding on the public highways. The bill provides that any officer who illegally arrests, inconveniences or endangers the life of any citizen using the highways of the state shall be guilty of a misdemeanor and shall be liable for all damages accruing as a result of interference with the citizen in the exercise of his legal rights to the use of the roads.

Sales Tax Bill Gets Approval From Committee

Senator J. C. Collier's sales tax bill, which is claimed to bring a total revenue of \$20,135,000 to the state of Georgia, together with a number of existing taxes that would be retained, received the approval of the senate finance committee Friday night and will be favorably reported today.

A house bill which would levy a tax on persons engaged in banking or obtain or purchase gasoline or motor fuel out of the state for the purpose of distribution in Georgia, also was approved by the finance committee of the senate.

The bill is aimed at those who seek to avoid paying the state tax of three cents a gallon on gasoline.

A substitute measure for the Thompson bill reorganizing the highway department was prepared Friday night by a sub-committee of the senate highway committee, and will be favorably reported today.

The substitute gives the highway board complete authority over the department, and is said to be an outgrowth of the investigation now being conducted by a senate committee.

Mullins Signs for Wills To Meet Dempsey for Title

New York, August 14.—(By the Associated Press.)—A tentative agreement for Harry Wills to fight Jack Dempsey next summer at Michigan City, Ind., under the direction of Promoter Floyd Fitzsimmons, was signed today by the negro challenger's manager, Paddy Mullins.

Fitzsimmons, announcing that he had finally come to terms with Wills' manager after a conference at the latter's home this afternoon, left early tonight for Chicago.

Prior to his departure he wired Dempsey:

"Closed full details with Paddy Mullins this afternoon. The match is in the bag."

Would Enlarge Arena.
Fitzsimmons carried with him Mullins' signature to an agreement calling for the fight to be staged somewhere in the middle west, but Fitzsimmons announced that his present plans provided for the bout to be put on at Michigan City. His present arena, he declared, will seat approximately 40,000, but he said he proposed to build an addition to the structure large enough to accommodate 125,000.

In verifying Fitzsimmons' statement that they had come to terms, Mullins said:

"Yes, I have signed an agreement, but not the final articles. I know that Fitzsimmons has Dempsey's signature, for Dempsey told me so over the telephone. So it is evident if I want Wills to meet Dempsey, I must negotiate with Fitzsimmons."

Final Signing September 20.
Fitzsimmons said the final signing of articles would take place in Chicago on or about September 20. He plans to stage this event, he said, in one of the Chicago ball parks, inviting the public to look on.

Jack Kearns, who claims he is still manager of Dempsey, expressed surprise when informed that Mullins had reached a tentative agreement with Fitzsimmons.

"These are all preliminaries," he said. "You haven't seen any dough posted yet, have you? When the money's up it will be a different thing, and you can count on me to take a hand when the time is ripe. Jack Kearns will have much to say before this fight takes place."

Kearns Must Post Forfeit.
The New York state athletic commission demanded a certified check of \$25,000 from Kearns as an evidence of his good faith before it would recognize any contract signed by him binding Dempsey to a title match with Harry Wills. This ruling was made by the commission when Kearns applied for reinstatement from him when he ignored a recent request from the board that he accept, on behalf of Dempsey, a challenge hurled at the champion by the negro heavyweight.

Kearns did not have his check book with him today when he went to the commission offices and the boxing solons agreed to allow him until next Tuesday to sign the contract and post the forfeit. Until that time his status with the commission remains the same, ineligible. And until that ban is lifted the commission will not recognize him as Mickey Walker's manager.

KYNE CLAIMS OFFER OF BOUT.
Salt Lake City, Utah, August 14.—(AP)—William P. Kyne, Pacific coast sportsman, tonight wired The Salt Lake Tribune that Floyd Fitzsimmons, Michigan City fight promoter, had requested him to promote and

handle the Fitzsimmons contract for the Dempsey-Wills titular fight. Kyne is at Richardson Springs, Calif.

"BEST NEWS I'VE HEARD"—DEMPSEY.
Los Angeles, August 14.—(AP)—News that Paddy Mullins had signed an agreement to put Harry Wills in the ring against Jack Dempsey next summer was greeted by the champion here tonight with the remark:

"That's the best news I've heard since the referee held up my hand in the Jess Willard fight back in 1919. I congratulate Floyd Fitzsimmons upon obtaining the bout and I must say I am gratified to see that I have accomplished more in two weeks than Jack Kearns accomplished for me in two years."

Declaring that the American Federation of Labor, of which he is a vice president, is not a political machine but an organization pledged to uplift mankind by raising the standard of living, James Wilson Friday night delivered the first of a series of addresses on the aims and purposes of labor. These addresses are sponsored by the Atlanta Federation of Trades, Louie P. Marquardt, president, presided.

Labor Is Pledged To Aid Mankind, Leader Declares

Mr. Wilson spoke to a large audience at Wesley Memorial Methodist church. He was appointed by the late President Woodrow Wilson on two commissions to investigate labor conditions in Europe after the world war. He is also president of the International Pattern Makers League of America.

"Labor stands for law and order and consistently opposes violence in any form," he said. "We regret lock outs, strikes and violence. They hurt, they are expensive, and above all, they are unnecessary."

"We believe in the principles of equality on which our government is founded. We are for the government contrary to the popular impression as to our alleged communistic tendency. We shall continue to fight for the extension of the liberties so dearly bought by our ancestors."

"All progress is attained through suffering and sacrifice, but we hope that the suffering of labor is about over. There is justice and right in our claims, or four great leaders who have died recently would not have been in sympathy with the movement. Wilson, Roosevelt, LaFollette and Bryan all subscribed to the tenets of the labor movement as conducted by the American federation."

"We aim to protect women and children in industry and thus achieve a greater and better citizenship through education and physique than would be possible under other conditions."

Mr. Marquardt said that other meetings would be announced later. The Rev. Marvin Williams, pastor of Wesley church, delivered the invocation at the opening of the meeting. Mrs. Edith C. Ryder played several selections on the organ and the Georgia Railway & Power company quartet sang. Rev. W. J. DeBardeleben, pastor of Payne Memorial Methodist church, closed the meeting with a short prayer.

LINDALE BOY KILLED BY CAR AT MIAMI

Constitution Bureau.
Rome, Ga., August 14.—(Special.) News of death of Robert Stephens, Jr., 17, of Lindale, in Miami, Fla., was received today. He was a well-known and popular young musician. Only meager details reached Lindale. Thursday night a telegram was received by the boy's father saying that he had been seriously hurt in an automobile accident. The accident was later learned to have occurred at 7:20 o'clock and the young man died four hours later.

He was the son of Mr. and Mrs. Robert Stephens. The body will probably reach Lindale Saturday.

MAN ARRESTED FOR STEPHENS' DEATH.

Miami, Fla., August 14.—(AP)—C. E. Evans was arrested today on a

manslaughter charge after the car which he was driving collided with a small automobile in which five boys were riding. Robert Stephens, 17, of Lindale, Ga., one of the occupants of the car, died from injuries received in the crash. Evans was released on \$5,000 bond.

SALVATION ARMY HUT AT ROME.

Rome, Ga., August 14.—(Special.) Ensign John Horgan, of the Salvation Army, is to do much toward being host to the "buddies" of the Georgia department of the American Legion, which meets here in convention August 19-21. The ensign is state chaplain of the organization, and in that capacity he will welcome the former soldiers.

In order that he may make some of the veterans feel more at home, he will maintain a regular Salvation Army hut, an exact replica of the ones used by the United States army in France. Here he will serve the guests with the world-famous doughnuts, lemonade, chocolates and cigars. The hut is being constructed at

the corner of Broad street and Fifth avenue.

For Sunday's concert here the Lindale band will offer a special program featuring many of the songs made popular during the war. Director Nixon states that the program has been planned as a forerunner of the coming American Legion convention.

HOOVER IS SAVED FROM BEING HURT WHILE JAY-WALKING

Washington, August 14.—Secretary of Commerce Hoover, who is chairman of his own committee on street and highway safety, narrowly escaped being run over Friday while jay-walking, a practice he condemns.

Hoover tried to cross the street in the middle of the block near the commerce department. As he stepped out from behind a parked car, he was almost struck by a passing automobile. A friend jerked him to safety, as the driver applied his brakes.

Sims Optimistic Over Plan To Cut City Water Rate

With favorable replies already received from a number of city departments, indicating that operating expenses might be cut slightly between now and the end of the year, Mayor Walter A. Sims Friday expressed optimism over prospects of putting a lower water rate into effect in the near future.

The chief executive, following decision of the finance committee Friday that the water rate cannot be reduced except by slashing operating expenses, sent messages to heads of all departments of city government requesting that they notify him immediately regarding the possibility of reducing their expenses.

At the finance committee session, it was pointed out by City Comptroller B. Graham West that not more than \$50,000 could be cut from present

appropriations, whereas reduction of the water rate along the proposed scale, noted when the finance sheet was drafted in January, would mean a shortage of approximately \$200,000 from revenue anticipated when the finance sheet was

SOUTH CAROLINA

Farmer and Manufacturer

Our neighbor, South Carolina, has been making wonderful strides during the last decade. Here is a great and worth-while market for our goods—and one which is close at hand. Why should our manufacturers seek distant markets when here, close by, is a territory of vast possibilities? Freight rates are less between this state and South Carolina than to many distant states that receive more zealous sales effort. Our salesmen have a shorter distance to travel. Let's sell where business is good.

Farming

South Carolina's wealth is built on the firmest of foundations—that of the soil. From earliest time she has been a great agricultural state, greater now than ever before. In spite of the fact of small territory, she ranks fifth among Southern states. The value of her crops has more than doubled since 1910. The value of her farms has increased nearly 300% in the same time.

Manufacturing

Great textile mills have sprung up like magic—mills running smoothly by modern hydro-electric power generated from South Carolina's streams. Now South Carolina manufactures more cotton than any state in the South save one, and she is third in the whole United States.

We make many things that South Carolina needs. She is ready to buy them. We can sell in South Carolina economically and surely. Her population comprises only 0.4% foreign-born. Newspaper advertising sells with greatest efficiency on this account. By all means, let's sell in South Carolina.

WHAT SOUTH CAROLINA HAS ACCOMPLISHED

"It seems difficult to comprehend that in 1880, or fifteen years after the close of the Civil War, the total bank deposits of South Carolina amounted to only \$3,244,000 and that as late as 1900, the amount was \$13,900,000 and that for a state having 1,340,000 population. The poverty indicated by these figures can hardly be understood today when the bank deposits of that state total \$212,400,000."—Manufacturers Record.

Miss Dunlap Weds Mr. Lambdin At Quiet August Ceremony

Mr. and Mrs. G. Arthur Howell announce the marriage of their niece, Miss Eleanor Dunlap, to Charles Edwin Lambdin, which was quietly solemnized on Tuesday, August 4.

Cordial interest centers in this announcement as the bride and groom are representatives of aristocratic Georgia families. The lovely young bride is the youngest daughter of Joseph B. Dunlap and the late Mrs. Lucy Mitchell Dunlap, from whom she inherits much of her beauty and charming personality. She was graduated from the Girls' High school where she was very popular in the student body and took an active part in the school activities. She is gifted in music and is a petite blonde possessing a disposition of unusual sweetness. Mrs. Lambdin's sisters are Misses Mary and Lucy Dunlap and she is also a niece of Mrs. C. F. Postburg.

Mr. Lambdin is a son of Mrs. William Wallace Lambdin and the late Judge Lambdin, who was judge of the Savannah circuit and one of the most prominent men in the state. He is a namesake of the late Charles Edwin Lambdin, foremost educator of Georgia and founder of Gordon Institute at Barnesville. On his paternal side he is a grandson of the late Dr. Henry Smith, a well known physician in the South. His sisters are Mrs. John Voss, Mrs. J. B. Coppedge, Mrs. Leo Sheridan, Mrs. O. H. Lowther, and Mrs. Ed Grove, of Marietta, and Hal Lambdin is his only brother. Mr. Lambdin graduated from Gordon institute, and he holds a responsible position with the Armour Packing company.

Mr. and Mrs. Lambdin will make their home on Piedmont avenue and will take possession of their apartment at an early date.

Miss Venable To Be Honored.

Miss Jane Reid Venable, of Richmond, Va., the charming guest of her uncle and aunt, Mr. and Mrs. C. C. Schoen, at their home on Peachtree way, will be complimented at many affairs.

At Friday Mrs. W. F. Dunbar and daughter, Miss Gussie Dunbar, were joint hostesses at an informal luncheon at their home on Peachtree way in honor of Miss Venable.

Miss Natalie de Gollan entertained at a swimming party Thursday afternoon at the Druid Hills Golf club in compliment to Miss Venable.

Miss de Gollan was assisted in entertaining by her mother, Mrs. S. E. de Gollan.

Many other parties have been planned in honor of Miss Venable, the dates to be announced later.

Afternoon Tea At Woman's Club.

The Friday afternoon tea at the Atlanta Woman's club was an enjoyable affair gathering a large number. One of the largest parties of the afternoon was given by Mrs. John R. Hornaday in compliment to her daughter, Mrs. Jack R. Hornaday, of Dallas, Texas, who is her guest for several weeks.

Another visitor who was honored was Miss Elma Boan, of Savannah, the guest of Miss Grace Freeman, who was central figure in a party given by her hostess.

Mrs. H. A. Manning entertained a group of visitors, which included Mrs. T. W. Reinhardt, of New York; Mrs. Frank J. Mullin, of Little Rock, Ark.; and Mrs. Fount R. Lane, of Roanoke, Ala. Twelve guests were invited.

Many other parties were given.

Mrs. McFadden Gives Tea to Visitor.

One of the loveliest affairs of Friday afternoon was the informal seated tea at which Mrs. Haynes McFadden was hostess at the Piedmont Driving club, in honor of Mrs. Edwin C. Martin, of Fort Valley, the guest of her mother, Mrs. Hiram Warner Hill.

About fifteen guests were invited to meet Mrs. Martin.

Miss Davis To Be Honored at Affairs.

Miss Ann Eubank Davis, of Lynchburg, Va., who is the attractive guest of her grandfather, C. G. Lambert, at his home on Fourteenth street, will be honored at many lovely affairs while here.

Miss Bessie Lambert, the aunt of Miss Davis, was hostess at a swimming party at the Atlanta Woman's club.

Miss Ewing Weds Claude Holt Doughtie.

Lawrenceville, Ga., August 12.—The marriage of Miss Lucile Ewing, daughter of Mr. and Mrs. E. Ewing, of Orlando, Fla., formerly of Lawrenceville, and Claude Holt Doughtie, of Atlanta, formerly of Euclid, Ala., at the First Methodist church, Lawrenceville, Wednesday evening, August 12, was one of the brilliant social events of the season.

Rev. J. M. Tulin, pastor of the Methodist church, performed the ceremony. Miss Green S. Perry, pianist, and Miss Daisy Ewing, of Atlanta, soloist, rendered a beautiful musical performance preceding the ceremony.

The bride was given in marriage by her father, Mr. Alonzo E. Ewing. Miss Virginia Ewing, of Atlanta, cousin of the bride-elect, was maid of honor. Miss Doris Cooper, of Lawrenceville, and Miss Leita Branson, of Braselton, cousin of the bride-elect, were bridesmaids. The bridesmaids were Misses Marjorie and Margaret Ewing, twin sisters of the bride, were the flower girls, and James King Byrd was the ring-bearer.

The groomsmen were Mr. Harrison Franklin Braselton, of Braselton, cousin of the bride, and Mr. Edward Doughtie, of Columbus, nephew of the groom. E. M. Doughtie, of Columbus, brother of the groom, was best man. Acting as ushers were E. H. Young and E. L. Keown. Immediately after the ceremony Mr. Doughtie and his bride left for a wedding trip to Asheville.

Hotel Clerks' Association Holds Informal Dance. An event Tuesday evening, August 11, was the informal dance given by the Hotel Clerks' association, better known as the "Gladhanders," which was held on the Hotel Cecil roof from 8:30 until 1 o'clock.

During the evening Jack McLean sang several songs. R. A. Stone, of the Biltmore hotel, was chairman of the affair. Each hotel was largely represented, the Atlanta Biltmore leading, and several hundred were present.

Miss Kerney To Be Honored at Tea-Dance.

Miss Zorita Kerney, of Baltimore, who is the attractive guest of Mrs. C. W. Martin at her home on River road, will be honored at many affairs during her visit here.

Mrs. Martin will entertain at a party at the Atlanta Biltmore during this afternoon, complimenting her guest.

Other parties are being planned, the dates to be announced later.

Band Concerts Given.

Splendid programs were presented Thursday and Friday nights by the Atlanta Municipal band, of which John A. Scharf is conductor. Thursday's band concert was at Adair park, and Friday's at Bessie Branham park, Kirkwood. The Duke band, under direction of R. C. Riley, has announced a concert at Washington park, colored, for Sunday afternoon.

Mr. and Mrs. George Caldwell Speir will entertain this evening in celebration of their 14th wedding anniversary. Dinner will be at 8 o'clock at Druid Hills Golf club.

Joseph Habersham, D. A. R., will give a barbecue at the junction of East Pace's Ferry road and Piedmont road from 1 o'clock to 3:30.

Miss Gladys McClellan will entertain at a bridge-tee at her home on St. Charles avenue this afternoon, honoring Miss Matthews.

Mr. and Mrs. W. O. Chears will entertain at the tea-dance at the Atlanta Biltmore in compliment to Miss Mabel Wood, of Roselle, N. J.

TWO BANKS OPENED IN BARROW COUNTY WITHIN TWO WEEKS

Winder, Ga., August 14.—(Special.)—The Georgia State bank will open here Saturday as a new banking institution for this section. It will be located on the corner of Broad and Adams streets in the building formerly occupied by the Farmers bank.

This bank will be connected with a chain of banks extending over a wide section of the south, that have been doing a general banking business for 37 years, and the resources of these banks will be behind the new institution.

O. Maddox, formerly of Winder, but recently located at Columbus, has been here for some time in the charge of the new bank, getting local capital interested in it. He is vice president and cashier, as well as a director. The other directors are J. W. McWhorter, C. W. Parker, R. Smith and R. L. Rogers.

This is the second bank to open for business in Barrow county lately and is the third bank in the county. The Bank of Statham was opened for business two weeks ago with J. P. Burson as president and B. H. Grant as cashier.

STATE TO PROFIT BY FORESTRY BILL PASSED BY SOLONS

Savannah, Ga., August 14.—(Special.)—Millions of dollars every year in potential natural resources are saved to the state by the forestry bill just passed by the legislature. Heretofore, local naval stores men and head of the Georgia Forestry association, declares.

The saving will be in increased forests for both lumber and resin. It is pointed out, and in the bill, value in the matter of preservation, protection, conservation and reforestation will add immeasurably to the actual immediate good effects of the measure.

DR. FULLLOVE HEADS 8TH DISTRICT DOCTORS Athens, Ga., August 14.—(Special.)—Dr. H. M. Fulllove, of Athens, was elected president of the Eighth District Medical society at its annual convention here yesterday. Dr. B. C. Tinsley, of Hartwell, was president and Dr. D. M. Carter, of Madison, secretary-treasurer. Dr. Stewart D. Brown, of Royston, was elected a state officer. Dr. Royston was voted the 1926 convention.

The society met at the State College of Agriculture in Connor hall. Dr. J. A. Simpson, retiring president, of Washington, Ga., delivered the annual address.

A barbecue was served the visiting medical men on the college campus at 1 o'clock.

The Women's auxiliary also met and several interesting addresses were made. Mrs. Paul Holliday, district manager, gave the welcome address, and Mrs. S. A. Clary, of Eatonton, responded. Dr. T. B. Gay, of the Athens child health demonstration spoke of the work the demonstration is doing for this section and the state in child health.

Army Circle Finds Entertainment in Interesting Affairs

Fort McPherson was the scene of delightful social affairs Friday evening. The weekly military bridge club had its regular meeting at the officers' club, when the usual contingent gathered. These meetings are always interesting events on the week's social calendar.

Colonel and Mrs. Melville S. Jarvis were hosts at a bridge-supper Friday evening as a compliment to Major and Mrs. Lee S. Fountain, who leave soon for a three years' tour of duty in the Philippine Islands.

A color scheme of yellow and green was carried out. Yellow flowers were gracefully arranged and green tapers burned in silver candleholders.

Colonel and Mrs. Jarvis invited 16 guests to meet Major and Mrs. Fountain.

Mrs. Jarvis was gowned in a green chiffon gown, trimmed in ostrich and French flowers.

Children's Matinee Saturday Morning At Howard Theater

The better films children's matinee will be given at the Howard theater Saturday morning with the comedy, entitled "The Mysterious Mystery," dealing with the gang's adventures in a "trick" house.

"Back Home and Broke," the feature picture for Saturday, is said by all to be Thomas Meighan's best, and is a fine picture to invite mother and daddy to come and see, too, as it is interesting to all ages. The picture program is concluded by the final one, "The Secrets of Life," which shows the various wonderful things found in water.

Chaperons, headed by Mrs. John W. Lloyd, will be: Mrs. Gaston Hasins, P. T. A. representative, from Oakdale City school; Mrs. R. L. Cofer, from State Street P. T. A.; Mrs. Ernest Brown, from Stanton P. T. A.; and Mrs. J. C. Courtney, from Calhoun P. T. A. These interested members of the Atlanta better films committee each Saturday take the best of care of all the young people attending the matinees and are assisted by the Boy Scouts and Girl Scouts in seeing that good behavior is maintained. The matinees start at 9:30 o'clock, lasting until 11 o'clock. The admission is 25 cents for adults and 10 cents for children.

Mrs. Newton C. Wing is matinee chairman, and will be assisted by Mrs. Julian W. Lloyd and her committee.

CRACKERS GO DOWN BARONS FOR SIXTH STRAIGHT WIN

McLaughlin Wins Third Game of Week; Today's Play Will Start at 2:30

"Hop" Owens Meets Pfiester for Tennis Title

BY JULIAN GRIFFIN.

Convincing the boys that he is capable of carrying on in winning style for nine full innings in spite of his excellent record yesterday, Hollis McLaughlin, the Tulsa Typhoon, let the Barons down yesterday with eight hits. The Crackers marked up six runs behind him against three for Johnny Dobbs' side, making six Crackers victories in as many days. McLaughlin is accredited with three of the past four games won.

The game today, the last of the Barons series and the last to be played here until September 9, will begin at 2:30 o'clock and end at 4:45 in order to allow Doc Auten and the rest of the camp followers to catch the next train for New Orleans where hectic scenes are anticipated for the following three days.

According to press reports from the Louisiana city, a warm reception is being planned for the Atlanta skipper and his crew. This, together with the importance of the series at this stage of the race, will command a lot of attention from Atlanta during the three-game series in New Orleans.

"Wheeler" Dell is slated to pitch for the Crackers this afternoon, while Dobbs will probably send Stone in to work for the Barons.

McLaughlin pitched one of his characteristic games, just throwing 'em in with plenty of stuff, making them hit but not effectively. Everybody was rounding out or popping up. While he gave up just eight hits, his work was unique in that he did not walk a single man nor strike one out.

McGraw Goes Four Innings. Starting on the mound against McLaughlin yesterday was that lanky gentleman known as "Dangerous Dan" McGraw, who pitched a good game until the fourth inning, after which he gave way for Lundgren, about the best pitcher on the Birmingham staff, but who fared little better than McGraw yesterday.

"Stuffy" Stewart did not get much of a chance to strut his stuff on the paths, for the only time he got on in the left field stands for a trip around the circuit, unassisted by a catcher's pegs.

While Stewart did not have a chance to swipe any rallies, Rod Murphy, one of his closest rivals for piffing honors, had and took advantage of several opportunities. The Cracker first sucker stole second twice, on an attempted squeeze play, Brock Murphy had and took a slide on the first end of what turned out to be a double steal, Gazzella advancing to third.

Brock Murphy Got Three Hits. Murphy also got three hits out of four times up, scored two runs and had a big day in every department of play. Johnny Brown and Craig Rod also had a couple of hits in four times up.

Mike Gazzella is charged with a couple of errors out of nine chances, some of which were very difficult. In the fourth he made a sensational pickup of Yarran's hard grounder to toss him out at first, and caught Rod on the next play to take care of Conroy's Texas leaguer.

Lundgren displayed some right mound play in the pitcher's box, although there was much room for argument when the former, doing a wild one, was caught out. Lundgren ruled that he struck at the ball.

The Crackers scored the first run of the game in the first inning, two were out. Zoeller walked, stole second and came home on Nicholson's single to left. McGraw retired the relay, but Zoeller and Culp skipped trying to make second on the throw in.

The next inning brought the downfall of McGraw, who was popped to Zoeller by Schepner, but Red Smith hit a grounder that was too hard for Schepner to handle. Murphy singled to left, Smith stopping at second. Smith scored and Murphy went to third on Gazzella's one timer to center. Murphy scored and Gazzella went to third on a double steal and Gazzella came in on a single by Brock. McLaughlin forced Brock at second to end the rally.

The Barons scored in the sixth. Stewart opened the sixth inning with his homer. Jones lived on. Gazzella's error and went to third on Yarran's single. Schepner's sacrifice fly scored Jones.

In the eighth Jones singled to left and scored. Yarran's double, Knox went in to run for Yarran and was doubled off second when Wilbur Good gathered in Schepner's wild relay. In the ninth, Zoeller, Knox went in to run for Yarran and was doubled off second when Wilbur Good gathered in Schepner's wild relay. In the ninth, Zoeller, Knox went in to run for Yarran and was doubled off second when Wilbur Good gathered in Schepner's wild relay.
